

A flexible Enterprise IP Phone GXP2130 V2

The GXP2130 v2 is a standard enterprise-grade IP phone that features up to 3 lines, 4 XML programmable soft keys, 8 programmable BLF extension keys, dual Gigabit network ports and 4-way voice conferencing. This Enterprise IP Phone comes equipped with Blueooth, Electronic Hook Switch (EHS) support for Plantronics headsets to allow for flexibility. Ideal for SMBs, enterprises and SOHOs, the GXP2130 v2 is the perfect choice for users looking for a high quality, feature rich IP phone with advanced functionality that is simple to use.

3 lines, with up to 3 SIP accounts, 3 dualcolored line keys

HD audio to maximize audio quality and clarity, full-duplex speakerphone

Dual-switched auto-sensing 10/100/1000mbps network ports

Built-in PoE to power the device and give it a network connection

TLS and SRTP security encryption technology to protect calls and accounts

Includes 8 dualcolored BLF/speed dial keys

Electronic Hook Switch (EHS) support for Plantronics headsets

4-way audio conferencing for easy conference calls

Built-in Bluetooth for syncing headsets & mobile devices for contact books, calendars & call transferring

Automated provisioning options include TR-069 and XML config files
